## FUTURE TRENDS IN MOBILITY

Dear guests, friends and colleagues, welcome to 70 years of **EBNER®** in motion!

While **EBNER®** was founded in Leonding 7 decades ago and that sounds like a very long time, for a family-run business it is in fact just 3 generations.

There are many things we can look back on with pride, but despite the importance of the past, this symposium is dedicated to the future.

Under the motto "Future Trends in Mobility", we will be taking a look at the challenges facing us over the next few years and focus even more closely on our customers.

The excellent cooperation that we have enjoyed with so many of our business partners over the past decades, and which has made us so successful, is something that we would like to intensify even further. We strive continuously to be "the most innovative and competitive full solution provider in thermal processing" with the strategy of harnessing digitalization and networking new technologies in plant engineering.

We are delighted that you are taking part and wish you an exciting and informative time during your stay.

Yours, Robert Ebner

Day 1  
TUESDAY  
September 11  
2018  
ARCOTEL Linz

11<sup>00</sup> am Check in, registration and lunch at Arcotel Nike hotel

12<sup>45</sup> pm Welcome and start presentations

---

1 Welcome by  
Robert Ebner (Mag), CEO **EBNER®**

---

2 Alexander Rauscher (DI),  
Automotive Specialist -  
"Digitalization in the field of  
automobility"

---

3 Christoph Stürmer (Dipl.-Vw.), PWC  
- "The future of the electric car"

---

4 Automotive OEM-Speaker invited -  
"To be advised"

---

5 Michael Hahne, Vice President  
Automotive, Novelis - "Aluminium  
drives innovation for the future of  
mobility"

---

6 Dr. Thomas Hebesberger,  
voestalpine Steel Division - "High  
strength steels for the automotive  
industry: yesterday – today –  
tomorrow"

---

7 Univ.-Prof. Dr. Ronald Schnitzer,  
Chair for Steel Design, University of  
Leoben - "Development of steels  
using modern characterization  
tools"

---

8 Univ.-Prof. Dr. Hermann Steffan,  
Institute for Vehicle Safety, Technical  
University of Graz - "Requirements  
for high tensile strength steels in  
the automotive industry – the latest  
dynamic evaluation methods"

4<sup>40</sup> pm End of presentations

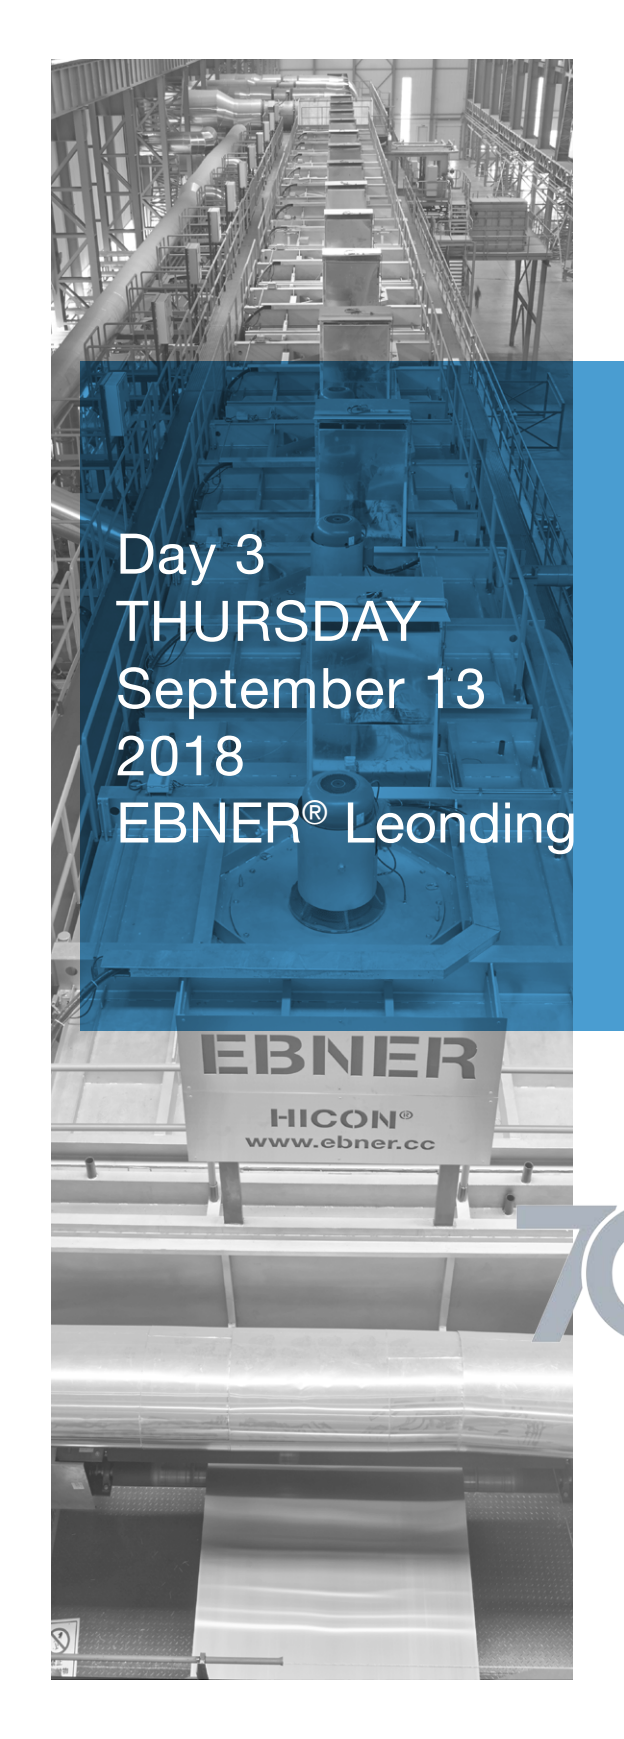

5<sup>00</sup> pm Evening program:  
Dinner on-board ship on the River Danube

11<sup>th</sup>  
Sept.  
2018

The image is a vertical banner. The top half features a close-up of a complex industrial machine with various pipes, valves, and a large cylindrical component, all overlaid with a semi-transparent blue rectangle. The bottom half shows a large, vertical, corrugated metal tank or silo, also with a blue overlay. The text is centered within the blue overlay in the upper section.

Day 2  
WEDNESDAY  
September 12  
2018  
EBNER® Leonding

A black and white photograph of a large industrial facility, likely a manufacturing plant. The image shows a long, straight aisle with complex machinery on both sides. A blue semi-transparent overlay covers the middle portion of the image, containing white text. At the bottom, a white box contains the company name and website. A large, stylized number '70' is partially visible on the right side.

Day 3  
THURSDAY  
September 13  
2018  
EBNER® Leonding

**EBNER**

**HICON®**  
[www.ebner.cc](http://www.ebner.cc)

70

8<sup>30</sup> am Transfer by bus from the hotels to  
**EBNER®** in Leonding

9<sup>00</sup> am Start of presentations

---

1 Futurologist Prof. Dr. Markus Hengstschläger (Human Biologist), Institute for Medicinal Genetics, Medical University of Vienna - "The average trap: how to (not) manage a talent"

---

2 Dr. Johan van Zyl, President and CEO of Toyota Motor Europe - "The future of the hydrogen car"

---

3 USA Automotive Mr. Eduardo Gonzales, Member of the Board, Ferragone Corporation - "UHSS applications - US market - Hycal line at Hycal Corporation"

---

4 Wilhelm Fischer, Senior Expert Hot-Dip Galvanizing, voestalpine Stahl - "From batch annealing to continuous galvanizing"

---

5 Stefano Cicale, Stainless & Electrical Steels, Centro Sviluppo Materiali - „FeSi electrical steel“

---

6 Prof. Dr. Marion Merklein, Chair for Manufacturing Technology, Friedrich-Alexander University Erlangen - "Press hardening in automotive construction"

---

7 PLANT TOUR

---

8 Prof. Dr. Herbert Pfeifer, Institute of industrial furnaces and heat treatment technology, RWTH Aachen - "Future trends in furnace building"

---

9 Dr. Franz Beneke, Research Association for Industrial Furnaces E.V. - "Furnace building and future rules deduced from the discussion on protecting the environment"

4<sup>40</sup> pm End of presentations,  
transfer by bus from **EBNER®** to the hotels

5<sup>40</sup> pm Evening program:  
Transfer by bus from the hotels to a classical music dinner at St. Florian monastery

12<sup>th</sup>  
Sept.  
2018

70

13<sup>th</sup>  
Sept.  
2018

8<sup>30</sup> am Transfer by bus from the hotels to **EBNER®** in Leonding

9<sup>00</sup> am Start of presentations

---

1 Dr. Blanka Lenczowski, Senior Expert Materials Technology, Airbus - "Future developments in aerospace"

---

2 Dr.-Ing. Ingo Kröpfel, Vice President Aerospace, Aleris - "Future developments in aluminum products for the aerospace industry"

---

3 Dr. Ingrid Jörg, President Aerospace and Transportation, Constellium Switzerland AG - "Future developments in aluminum products for the aerospace industry"

---

4 Dr. Heino Buddenberg, Managing Director, C.D. Wälzholz - "eMobility – Opportunities and prospects for the steel-manufacturing SMEs"

---

5 Matthijs von der Schoot, FN Steel - "Upgrades and rebuilds for bell annealing furnaces"

---

6 Mr. Fasching, voestalpine Wire - "Automotive wire application"

---

7 Andreas Gondorf (DI), Vice President Automotive, Aleris - "Global market trends for aluminum automotive body sheet"

---

8 Asia Automotive Al, Mrs. Ma, Zhongwang, - "Zhongwang's consideration about the aerospace and automotive aluminum materials"

---

9 Andreas Roßner, Novelis Nachterstedt - "Product and process development"

---

10 Presenting the **EBNER®** Group - Gautschi / HPI / **EBNER®**

---

11 **EBNER®** presentation  
Günter Knogler - "Digitalization at **EBNER®**"

---

12 **EBNER®** presentation  
Peter Gosch - Demonstration of HDS - "**HICON®** Digital Services"

---

4<sup>30</sup> pm End of presentations,  
transfer by bus from **EBNER®** to the hotels

5<sup>30</sup> pm Evening program:  
Transfer by bus from the hotels to a traditional Austrian evening at "Stadlerhof", Wilhering

---

**EBNER®** Industrieofenbau GmbH  
Ebner-Platz 1  
4060 Leonding / Austria
